### Co-operative Young Leaders Summer Camp

Wow I don't know where to start; this camp was full of fun and excitement! I will start with when I got there. My facilitators showed me to my room, then I said bye to my parents then I was off to meet everyone! In no time I had memorized everyone's names; with 21 girls and 5 guys, I knew this week was going to be amazing. I could tell by the expressions on their faces! I should confess I actually didn't think that this camp was going to be fun, but by the end of the first day I knew I was wrong. Oh my gosh the activities we did were amazing! Some of them were, reverse paintball, canoeing, name games, movie night, talent show, and a game where we were all on this small piece of wood and the person at the front had to get to the back without anyone falling or getting off. All of the games were so much fun and by the end everyone was laughing. During the week we learned what a co-op is and then we made our own co-op. We called it "The Snackage Shackage" this is where we sold candy at reasonable prices to our members (which was pretty much everyone that was there). We ended up raising over \$100 and we donated it to a cause in Africa where one of our facilitators is going. I would like to thank everyone at Quadro for sponsoring me and allowing me to attend this camp. I hope other kids will be able to go to CLY and experience what I did.

Thanks Again, Faren MacNeill
