QUADRO SCHOLARSHIP 2013

Are you looking for some extra money for school this year?

Quadro Communications Co-operative Inc. encourages the youth within Quadro's serving territory to continue their studies at post-secondary institutions, particularly in the subject areas of Math, Science and Business.

Quadro has opened its membership to all Quadro customers. For \$1 become a member of the Quadro Co-operative and be eligible for this scholarship benefit. Becoming a member will now allow you to become an owner of the company and become an active member of the co-operative.

Quadro is committed to offering \$500 scholarships to students attending their second, third or fourth year at a University or College. Preference will be given to students enrolled in either a Business program with emphasis on

Marketing or a Technical program with emphasis on Electronics and Telecommunications. The recipient must maintain a principal residence while not attending school, where a Quadro membership is held.

If you qualify and are interested in the Quadro scholarship, please include along with the application form, proof of enrolment and a one-page report on how your field of study impacts or is impacted by the changing telecommunications environment. Applications are available by visiting www.quadro.net and accepted by mail, in person, at one of our office locations or email us at customer.care@quadro.net

Apply for the scholarship today. Hurry **Deadline is October 1st 2013.**

QUADRO HOLIDAY HOURS
MONDAY AUGUST 5TH - CLOSED
FOR THE CIVIC HOLIDAY

IN MEMORY OF Muriel Lewis

It is with sadness that we announce the passing of Muriel (Bryan) Lewis, a former resident of Granton on Tuesday May 28th 2013 at the age of 91. Muriel was employed by The Blanchard Municipal Telephone System from 1958 to 1969. Muriel worked at the Granton switchboard for 11 years, three as chief operator. Many of Muriel's memories working for Blanchard Municipal have been captured in the Quadro Communications Co-operative "80 Years of Telephone History" book written by Stewart Slater. Muriel will be greatly missed by friends, family and the staff members of Quadro past and present.

Eun Hwan Park visits Quadro

Eun Hwan Park (Left) visits Quadro and seen here with Melissa Knight (Right) as part of a Group Study Exchange Program.

Eun Hwan Park (pictured left) visited Quadro in early June. Eun Hwan works for SK Telecom in South Korea. SK Telecom is a mobile service provider which has been recognized as one of the most innovative technology companies in the telecom industry. The company has introduced an array of network technology and services and continues to unveil "world's firsts," bringing the world closer and enhancing the way we communicate. Eun Hwan was visiting Canada for a group study exchange program with Rotary International and works in the marketing division for SK Telecom. Eun Hwan visited Quadro to observe how the telecommunications industry in Canada compares to home. Eun Hwan noted that the telecommunication trends in Canada are very similar to South Korea. Eun Hwan commented on "how far apart the homes are from one another." A majority of South Koreans live in apartment style housing, so to see the rural parts of the Quadro service territory was a very different change of scenery.
