

Another Reason To Go Paperless!

Are you starting to find the print on your paper bill hard to read? Sign up and use the SmartHub app and increase the font size for easy reading. Press 'control & +' on your keyboard to increase the font size, (and to make it smaller, press 'control & -'). (For Mac users the 'command key' is your version of the PC's 'control key').

Move to online billing through SmartHub and save 1\$/mo every month on your phone bill!

Due to a potential postal strike by in September, we suggest switching to paperless billing and having access to your account 24/7. The SmartHub app is easy to use. You can manage your account details, make secure and instant payments, notify us of any service issues and more!

QUADRO'S NEXT FIBREHOOD - WELLBURN

Today, a fast reliable internet connection is a must-have for school assignments, accessing government services including healthcare, running a business, entertainment and social networking with industry professionals along with family and friends. Typically this type of connection is only available in larger urban centres, served by larger industry players. Quadro remains focused on supporting our local rural communities, and are pleased to be expanding our fibre network into the community of Wellburn.

Prospective customers have been provided with information on the communication solutions that Quadro has to offer and will be contacted when we are ready to convert them to fibre technology. We look forward to including the community of Wellburn as part of our serving area.

COMPUTER & IT SOLUTIONS

Don't just take it from us, let our customers do the talking!

"We approached Quadro when we needed to upgrade our business internet. The service they provided was fantastic, far better than the big national companies gave us. They were truly interested in giving us the best solution for our business. Since then, we have used Quadro for all of our I.T. services and we couldn't be happier. Their service is fast, their staff is very knowledgeable, and they are reasonably priced. We love having Quadro as our I.T. support company."

BE AWARE OF THE ONE RING CELL PHONE SCAM!

A new scam has found its way to Ontario. The scam known as the 'One Ring Scam' is the process where Scammers will call your phone and hang up after the first ring, hoping you will check your phone and be curious enough to call the number back which can lead to very expensive phone bills.

Tips to avoid the one ring scam:

- If your phone rings once and you don't recognize the number **DO NOT CALL BACK!**
- Always check the area code, often times the area code is coming from outside Canada.
- Always check your phone bill for unusual or unexpected charges.

MEET OUR TEAM

Caitlin Fergusson has been a part of the Quadro family for 7 months. A typical day at Quadro for her involves helping customers with whatever they need, either over the phone or in person. Caitlin strives to provide the best customer care possible. What Caitlin enjoys most about working at Quadro is the collaboration with other employees. She notes that there is a lot to remember and enjoys the fact that there's a whole team working together to be as accurate as possible and deliver the best service possible. When not at Quadro, Caitlin enjoys spending quality time with her husband and 2 children and hanging out with family and friends.
