Nike + Run Club is the perfect fall app to encourage you to go outdoors, pound some pavement and get some exercise while the weather is still pleasant.

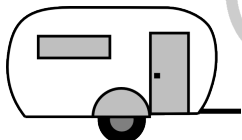

Create a profile for yourself and open the app every time you go for a run. The app will keep track of each run both outdoors and on the treadmill and will organize it by days, months and even how fast you were running. The app also has GPS tracking that you can turn on that will show you your running path outside on a virtual map. There are also guided challenges, leaderboards and more to push you to run and improve your endurance. The Nike+ Run Club app is the perfect app for any avid runner or for anyone looking to get in better shape and improve their overall health.
