## APPLY TO THE CO-OPERATIVE YOUNG LEADER SUMMER PROGRAM TODAY!

The Co-operative Young Leaders program (CYL) is a summer experience unlike any other. CYL is an experiential learning program which integrates co-operative principles with team building practices, empowers youth to be visionaries, and equips them with the changemaking tools they need to excel. They develop self-confidence, learn from inspiring guest speakers, and have a lot of fun with camp-like activities (campfires, swimming and canoeing). Who knew that public speaking, and business conceptualization could be so exciting! For more info please visit <https://www.quadro.net/cyl-leadership-grant/>

Quadro fully sponsors a first time participant and partially sponsors a second & third year returning participant. The program runs for one week during the months of July and August, depending on the age group. If you would like to participate in this enriching experience, please prepare a letter to the attention of the Board of Directors indicating why you would like to attend the CYL Summer program. Applications must be received by **Tuesday March 31<sup>st</sup>, 2020.**

Potential participants can read more information about the program by visiting the Ontario Co-operative Association website: [www.ontario.coop/cyl](http://www.ontario.coop/cyl). Please forward your letters of interest to the Quadro main office located in Kirkton or by emailing: [customer.care@quadro.net](mailto:customer.care@quadro.net)

 Intermediate A: August 9 - 14, 2020
- SENIOR:** 16-18 years old or intermediate grads.  
 July 11 - 17, 2020

## Cell TECH TIP! What you need to know about Data

Today most cellphones have a mobile browser (internet) feature enabled on the device that allows you to use the internet wherever you have a cellular network signal. Internet usage that is measured on your mobile phone is called data. Wi-fi is a separate wireless internet connection you can join via your wireless router when at home or using wi-fi hotspots in places like coffee shops, restaurants and at work. Using wi-fi to obtain an internet signal on your phone will allow you to use applications like email, Facebook, Twitter, Instagram and games without a cellular data plan or incurring cellular pay-per-use data (internet) charges on your bill.

### Helpful tips to save on unwanted data charges:

- Check your application permissions - some apps run in the background using data without you knowing.
  - Use wi-fi wherever possible- this means you won't use up your data allowance or incur pay-per-use charges.
  - Turn off auto updating of apps or e-mail so you won't use your cellular data.
- If you have questions regarding data or your cellular data usage please call us at 519.229.8933 or visit one of our Quadro locations. A Customer Service Representative would be happy to assist you.
